

# Felix Allard

Computer Science Student

## About me

I am a computer science student with a passion for the entire field. Eager to learn and constantly seeking new skills, I approach challenges with humility and flexibility. As a fast learner and great listener, I thrive in collaborative environments, adapting quickly to new situations and always striving to contribute effectively to the team.

## Areas of specialization

Computer Science • Web Service • Game Development • Full Stack development

## Interests

Anything computer related fascinates me. I also love reading, learning new skills, and game-developing in my free time.

## LANGUAGES

French	C2	mother tongue
English	C2	• • • • •
